TUITION INCREASE

During the PTF (Parents Teaches Founm) we stated that there would be an increment of not more than 15% in fees effective from Term 1 2023/2024 academic session. Please take note that this has been effected on the invoices and all discounts are already calculated. As we are heading for Term One, we implore all parents to bear in mind that at least 70% of the total invoice has to be paid before resumption. Please plan to implement this.

It is important to note that uniform needs for children going to Year One are not part of the invoice because the needs vary with parents year after year. So if your child is going to Year One, you will need to inform us what new uniforms you would want for your child then we can add this up.

Kindly note that ALL children coming for new uniforms are expected to PAY before we issue the uniforms. Thank you.
