END OF 2024/2025 SESSION NEWSLETTER

Dear Esteemed Parents and Guardians

We begin by returning all glory and praise to Almighty God for His unfailing love, faithfulness, and divine protection throughout the 2024/2025 academic session. His grace has been our anchor, and we remain deeply grateful for the gift of a successful term.

As the session comes to an end, we sincerely appreciate your constant support, timely feedback, and commitment to the holistic development of your children. Your partnership with us continues to make a meaningful difference in our learners' academic and personal growth.

T

HEME OF THE SESSION

🔍 "Igniting Curiosity Through Knowledge and Critical Thinking" 🔍

This session, our theme inspired a range of exciting learning experiences aimed at deepening learners' understanding, building their confidence, and encouraging them to become thinkers, researchers, and problem-solvers.

ACADEMIC ENGAGEMENT & LEARNING

CULTURE

The academic journey this term was marked by:

Daily mental drills and structured practice

Continuous assessments and project-based learning

Public speaking and class debates

Group and individual tasks

Weekly class assembly presentations

Our focus remained on delivering well-rounded education that balances cognitive development with creativity, moral values, and critical thinking.

TECHNOLOGY SUPPORT & DIGITAL INTEGRATION

We extend our heartfelt appreciation to all parents for providing electronic learning devices for their children. This effort has significantly enhanced learners' ability to carry out research, complete digital assignments, develop essential tech skills and participate in their Computer Based Test (CBT)

For the second consecutive session, Keselash Academy successfully conducted Computer-Based Tests (CBT) for learners across various grades. This format,

which has become a key part of our assessment framework, prepares our learners for future digital exams and strengthens their technological confidence.

To further build on this technological know-how of our learners, the school will be introducing a new club initiative during the 2025/2026 session, namely
– STEM CLUB (COMPULSORY FOR ALL GRADE LEARNERS)

The STEM Club (Science, Technology, Engineering & Mathematics Club). The Club will be compulsory for learners in Grade 1 and above as it forms part of our 21st-century skill-building goals. Through this initiative, learners will be exposed to hands-on science experiments, creative problem-solving skills and basic robotics. Learners in the grade section will be allowed to add any other club of their choice along side this compulsory club.

We are confident that this new club initiative will build innovation, critical thinking, and collaboration among our learners.

EVENTS & ACTIVITIES FOR THE TERM

Our learners participated in a variety of enriching events and programs this term, which include

Weekly Class Presentations: Featuring topics such as Objects in the sky, Water, Sinkers and floaters, Special days, Sound, The earth and the sun, Pollution, Recycling, and The human heart.

Key Events:

▪ Children's Day

Celebration ▪ Spelling Bee

Challenge ▪ Math Spedia

Quiz.

▪ Open Day

▪ Old School Day Celebration

▪ A tour to ShopRite

▪ Management meeting with parents

▪ End-of-Session Graduation, Speech & Prize-Giving Ceremony

HOLIDAY PROGRAM – KIDS ACTIVE ZONE:

Monday, 4th August – Friday, 29th August 2025.

The Kids Active Zone is our dynamic and enriching Summer Holiday Program designed to keep learners actively engaged while reinforcing core values and academic skills in a fun, safe, and inspiring environment.

Activities will include:

Vacation Bible School (VBS) – Faith-based lessons, memory verses, songs, and crafts

Academic Tutoring – Focused support in Mathematics, English Language, Science,

and Phonics

Sports & Games – Team activities, competitions, fitness drills, and motor skill development

🔍 Home-Making – Basic culinary skills, personal hygiene, crafts, and life skills

🌍 Know Your World (Excursion) – Guided trips to exciting, educational destinations

🎭 Drama, Dance, & Public Speaking

🔬 STEM Activities & Science Experiments

🎨 Art, Storytelling & Creative Crafts

Registration is ongoing, and all learners from Playgroup to Grade 5 are encouraged to participate.

It is an unforgettable way to learn, grow, and have fun!

NEXT TERM RESUMPTION

📅 School resumes for the 2025/2026 Academic Session on Monday, 8th September, 2025

Wishing you all a peaceful and fulfilling holiday season.

Warm regards,
Mrs. Bosede. F. Osho
Executive Director,
Keselash Academy.
